Charlotte,

This is what I sent forward to IRIS. Andrew Kraft is the contact on this project as the IRIS Associate Director for Science and NCEA PFAS Lead.

Hope the comments (found around chapter 10) capture to some extent what you had in mind.

Thanks,
Karen

In preparation, we are providing the current draft of the document (attached here again) and have scheduled an EPA-wide briefing for May 30th at 3:00 PM Eastern (calendar invite below).

If as you read the protocol you see show-stoppers or red flags that you would like to bring to our attention, please contact [Andrew Kraft](#), IRIS Associate Director for Science and NCEA PFAS Lead. Please also copy [Vicki Soto](#) in your communications as Andrew may be out during part of this month.

Thank you for your interest and engagement,
